The Faculty of Biotechnology's Alumni Employability Report

As Prepared by the National Accreditation Unit's Societal Contribution Committee

Reviewed and Validated: 4th of December 2017

Introduction:

The faculty of Biotechnology takes pride in the competence of its graduates, a fact that is reinforced by the attraction they present to different venues and employers. It is a routine operation to follow- up with the status and location of the faculty's graduates. As such a comprehensive report was generated at the request of the Dean and Quality Assurance & Accreditation Unit Management to prepare this report. The process occurred via uploading a table with the below specified contents and having the graduates fill them in. It is sent via social media and occasionally via emails. The results are illustrated below.
